Development Financial Institutions: A Learning Dialogue”, Rio de Janeiro,
28-29 July, 2014

Private financial institutions:

- Risk of banking operations (finance and funding)
- Systemic crisis (interbank deposits and reputation)

Public financial institutions:

- Development vs. growth
- Systemic crisis (payment system)

Prudential regulation:

- Avoid systemic crisis
- Risk administration, incentives and capital coefficients
- Quantity and quality of regulatory capital
- Procyclicality

Development banks and Basel:

- Funding development
- Financing innovation
- Risks
- Countercyclicality
- Fiscal impact

Development banks and Basel: important issue

- Policy effectiveness measures and transparency
