

## THE ROLE OF THE GREEN BOND TRANSPARENCY PLATFORM IN PROMOTING TRANSPARENCY IN THE GREEN BOND MARKET

Monday, 10/04/21 (3) From 11:00 A.M. to 12:30 P.M.

I. The objective of the session is to share experiences of market actors on the positive impact of the Green Bond Transparency Platform (GBTP) on their sustainable businesses and projects, whether in the role of issuer, investor, or external reviewer, promoting the dialogue on the value of the post issuance report and impact indicators in the thematic security market.

II. Explore the different market players views about GBTP uses and applications in the commitment to sustainable investment (i.e. reputation, visibility/liquidity, competitiveness, cost reduction in reporting).

III. Foster the potential for green and sustainable investments in Brazil and Latin America and the Caribbean using the GBTP

IV. Promote the discussion in the market about the importance and benefits of reporting the use of resources and impact indicators on the green bond market.
